

Studio G Architects
Jamaica Plain
11/21/2017

Creative and experienced Project Manager-Architect sought for socially and environmentally innovative projects.

Studio G is a collaborative and diverse architecture studio designing socially and environmentally responsive buildings. Located in Jamaica Plain's vibrant Brewery complex, we seek team members with excellent design and production skills to engage in all aspects of educational, housing, and institutional projects.

We seek a highly motivated, **creative Project Manager/Architect** with 6+ years of design firm experience.

Minimum requirements: B.Arch or M.Arch; complete proficiency in Revit and Autocad; excellent design and communication skills; and demonstrated experience in design and construction documents and construction administration.

Desirable: Sustainable housing and school design; Mass architecture license; LEED AP.

Benefits include: health + dental plans, flexible spending plan, 401K, professional development program, generous paid time off, mentoring and more. Salary is commensurate with experience.

Studio G is an equal opportunity employer and a diverse, multi-cultural workplace.
