

Studio G Architects
Jamaica Plain
12/26/2017

Creative and experienced Designer sought for socially and environmentally innovative projects.

Studio G is a collaborative and diverse architecture studio designing socially and environmentally responsive buildings. Located in Jamaica Plain's vibrant Brewery complex, we seek team members with excellent design and production skills to engage in all aspects of educational, housing, and institutional projects.

We seek a highly motivated, **creative Designer** with a minimum 3-5 years of design firm experience.

Studio G seeks employees who contribute to a diverse, multi-cultural and LGBTQ-friendly workplace.

Minimum requirements: B.Arch or M.Arch; complete proficiency in Revit and Autocad; excellent design and communication skills; and demonstrated experience producing design and construction documents. Ability to take direction and coordinate work with others; flexibility.

Desirable: Sustainable housing; K-12 and higher ed experience; experience coordinating consultants; LEED AP.

Benefits include: Salary commensurate with experience, HMO health plan, flexible spending plan, 401K, professional development program, generous paid time off, mentoring and a supportive, engaging workplace.
