

Studio G Architects
Jamaica Plain
12/26/2017

Creative and experienced Project Architect/Manager sought for socially and environmentally innovative projects.

Studio G is a collaborative and diverse architecture studio designing socially and environmentally responsive buildings. Located in Jamaica Plain's vibrant Brewery complex, we seek team members with excellent design and production skills to engage in all aspects of educational, housing, and institutional projects.

We seek a highly motivated, **creative Project Architect/Manager** with at least 6-10 years of design firm experience.

Studio G seeks employees who contribute to a diverse, multi-cultural and LGBTQ-friendly workplace.

Minimum requirements: B.Arch or M.Arch; complete proficiency in Revit and Autocad; excellent design and communication skills; and demonstrated experience in design and construction documents and construction administration; construction coordination; ability to manage project teams; coordinate with Principals; strong organizational skills.

Desirable: Sustainable housing; K-12 and higher ed experience; Mass architecture license; LEED AP.

Benefits include: Salary commensurate with experience, HMO health plan, flexible spending plan, 401K, professional development program, generous paid time off, mentoring and a supportive, engaging workplace.
